

Stanford | Pre-Collegiate Studies

February, 2017

Colegio La Colina
Carrera 80 No. 147 - 50
Colina Campestre
Bogotá, Colombia

Dear Maria Claudia Mendoza,

Since 1992 Stanford Pre-Collegiate Studies has delivered advanced educational opportunities to top pre-college students around the world through a variety of in-person and online instructional programs. **It is with great pleasure that I write to inform you about our International Programs, which we expanded to Latin America in collaboration with Eduexplora, our local partner.**

Already more than 2000 middle and high school students from top Chilean, Peruvian and Colombian schools (Anglo Colombiano, The English School, Buckingham School, etc.) have engaged in the Stanford Programs.

Colegio La Colina has been identified among a small number of schools of excellence in Bogota that we are inviting to nominate students to participate in these programs. Students who show substantial academic promise through the talent search process will be invited to attend a number of specialized classes held in Bogota, taught by instructors from Stanford. Additionally, students will be invited to attend the Residential Summer Program on the Stanford Campus.

To learn more about the programs, please click here:

I am sure that this unique opportunity will be an outstanding learning experience for your school community, empowering the natural talent and interest of your best students.

In order to tell you more about these unique and innovative educational programs, I would be honored to meet you in person between **February 28 and March 1 in Bogota**. In order to schedule this meeting, we are collaborating with EduExplora, a learning academy that has extensive experience with our offerings. If this is of interest to you, please contact Eduexplora, by sending an email to Arie Rapaport (arapaport@eduexplora.com), and indicate the dates and times that are best for you to schedule a meeting.

Sincerely,

Jeanette Cook
Director of International Programs
Stanford Pre-Collegiate Studies
Stanford University
